Mr Bob. Rose
Harrisburg Pa.

Dear Mr Rose:

What a job you have picked out for me. I am so sorry you could not get to Philly to measure the boys. It seems to me they are all different sizes. I will do the best I can however. I will start with the tallest men, and end up with the shortest. They are still away, so I will have to guess at the sizes. About the caps I will wait until they return to get those sizes, and will forward them to you Tuesday or Wednesday.

Name	Height	Pants size	Weight	
Manning	6ft. 24	38	179	very tall and thin
Hooker	6ft 1/2	38	150	tall & thin
Suttles	6-2	42	225	
Pearson	6-1	40	195	
Davis	6	40	195	
Brown	6	40	195	
Stone	6	40	195	
Ruffin	5-11	40	173	
Parks	5-11	40	193	
Day	5-11	38	184	
Wells	5-9	40	172	
Hill	5-5	38	145	
Isreal	5-5	40	175	
Dandridge	5-5	40	175	
Hoobgood	5-5	38	165	

This would mean two more suits with no name. Sizes 38 pants. for 6 ft. men. You will have to judge the size of the shirt from the sizes and height and weight. They all seem to like short sleeves.

Please see that they are cut good and full. Put elastic in the pants legs, no tapes.

Due to the fact the material has a blue stripe, I think blue lettering to match would be nice. I think EAGLES written in script across the front in Navy blue would make a nice looking suit.

I would also like you to start the numbers at 21, in case we ever use any of the old ones the numbers will not be duplicated.

I believe this takes in everything. Please acknowledge receipt of this letter.

Very Truly Yours
